

## FOLEY HELD OVER ON CHARGE OF STEALING

Sallie Miller Asks That Prosecution Be Dismissed After She Recovers Silverware.

George Foley, returned soldier, was to await the action of the Madison county grand jury next Wednesday on a charge of stealing silverware from the home of Mrs. Robert Miller and daughters at the time of the fire there a month ago. Foley was fined at \$200.

Although the fire had been a month ago, nothing was learned of the whereabouts of the silver which was missed by the family until James Shaw told him and when asked about it by Sallie Miller, Foley gave them the keys to the house at his home and it was there, Foley said on the stand, that he had picked the silver off the floor and intended to return it to the Mrs. Miller. He said a lot of furniture was being carried around to different places at the time of the fire and he had taken the silver home to it until he had opportunity to return it to the owners.

Miss Sallie Miller wanted to dismiss the prosecution against Foley since she recovered her silver. She said the silverware had been in a box at the time of the fire, and after it was over she missed the silver and had not been able to find it until yesterday. She said that Foley, she said, and cited an instance of years ago when her father had to prosecute a young man and was overruled and said she desired withdrawal prosecution against Foley.

Judge Smith said that he understood her feelings, but the matter was the hands of the courts now.

James Shaw, to whom Foley is charged with having shown the silverware at the depot the day after the fire, was not in court to testify, but was retained for the grand jury. A charge of selling two quarts of whisky to Talt Heathman for \$10, Joe Heathman, a well known negro, of Richmond, was fined \$100 and given 10 days in jail.

A charge of being drunk and disorderly, Harry Hopper was fined \$5 and 10 days.

### MERIT HELPED

### HIM AFTER FLU

Meritone Brings Back Appetite and Nashville Man Gains Weight

"Meritone surely has helped my condition," said L. M. Walsh, of 414 Union street, Nashville. "I had rheumatism mightily badly for five years. I've been taking Meritone for three weeks now and it has done me a vast lot of good. I had influenza, too, shortly before I started taking Meritone and this medicine has helped me get over

the effects of it. Meritone has brought back my appetite and has brought back a good color to my face. I've gained weight, too, since I started taking Meritone.

"I want to recommend Meritone because it has done me a lot of good." Meritone is highly recommended as a builder and strengthener after influenza or pneumonia. It also is recommended for any ailing condition of the system such as stomach, liver or kidney trouble, or to combat catarrh or rheumatism. You can get Meritone at Perry and Son's.

## Louisville Absconder Located In The West

(By Associated Press)

Louisville, Jan. 30.—The police today received a telegram from Dallas, Texas, asking for description of Geo. L. Martin, former secretary of a building and loan association here, who disappeared a year ago leaving a shortage in his accounts of approximately \$300,000. The message was signed by John F. Smiley, who said he understood the authorities wanted Martin, and asked if there was any reward for his apprehension. He failed to state whether Martin was in custody.

## Police Use Clubs On Strikers

(By Associated Press)

Glasgow, Scotland, Jan. 31.—Several persons were injured here today when police charged a crowd of strikers with batons. Mounted police were called out and a number of arrests were made.

There is still no prospect of any betterment of the labor situation in the United Kingdom. If anything it is worse both at Glasgow and Belfast. The strike movement is spreading to large industrial establishments and there are undoubted signs of coming disorders which may entail martial law. The government believes that governmental interference now unwise, perhaps dangerous.

The strike movements are against the advice of the respective trade unions and include a variety of demands, however trivial. Meanwhile telegrams from Belfast depict a situation, which seems akin to that which recently obtained in German cities under revolutionary rule. Even the police are said to be helpless.

## Decide On Army Strength

(By Associated Press)

Washington, Jan. 31.—An army of 500,000 men was unanimously decided upon by the House Military Committee as a basis for determining the appropriation for army pay for the year beginning next July. Committee members said the number was expected to be an average force during the year. They also said that it had no bearing on the future military policy and did not indicate a permanent force that size.

## Bolsheviki Massing Forces

(By Associated Press)

Archangel, Thursday, Jan. 30.—The Bolsheviki is concentrating considerable forces between Vologda railway and the Vagu river line, apparently to either surround the allied column or cut through it and isolate it. The enemy force of a thousand attacked the British and Russian positions yesterday, obliging them to evacuate Alexieffakaya.

## Captures German Who Was Former Neighbor

Ottawa, O.—"Say, you look like a Dutchman that lived down the pike from me in Ohio once. You ain't a brother, or something, of Gus Goecke's, are you?"

Albert Lammers, who lives on a farm near here, prodded one of a group of German prisoners he had captured single-handed and was driving toward the American lines a few days before the armistice was signed.

"No, Al, I'm Gus," Lammers tells of the incident in a letter just received here. Goecke, he says, returned to Germany for a visit just before the war started in 1914 and was compelled to serve in the German army.

## MUST BE RICH TO BUY DRINK

Maine Woodsmen Now Have to Pay \$5 for Pint of Whisky.

Bangor, Me.—War, which used up so much alcohol and starved the distilleries, and the bone-dry law affecting the shipment of liquors from wet into dry territory, have made anything like warm sociability, let alone hilarity, impossible in Maine to any save the wealthy.

In the olden days a woodsman or a sailor went into a Bangor bar (and at one time there were 181, including seven varieties to choose from), laid down a dime and took a drink of what could easily be identified as whisky.

But now a drink of whisky is served with Black Hand secrecy, and many a wink and whisper of caution in some dugout up an alley, or maybe taken in a dark hallway from the dirty glass of a bootlegger, and costs \$2 to 40 cents, while a half pint costs \$2.50, a pint \$4 to \$5, and a quart \$8 to \$10, according to quality, time and place. There seems to be plenty of whisky, or near whisky, here and elsewhere in Maine, but the high cost of drinking has driven common folks out of the market.

## GET TWO REAL "DEVIL DOGS"

Two Russian-Bred Timber Wolves With Mixture of Shepherd Added to Marine Personnel.

Quantico, Va.—Two real "devil dogs" have just been added to the personnel of the marine barracks here, the gifts of Mrs. Alvin Untermyer of Yonkers, N. Y.

The dogs, "Teddy" and "Roland," are Russian-bred timber wolves with a mixture of shepherd, and are ferocious enough to suit the most blood-thirsty marine.

"Teddy," a massive, reddish-brown canine, is trained to carry ammunition, seek wounded, deliver messages, scale walls and jump hedges. "Roland," a slender gray of the Russian wolfhound type, is expert at leaping over obstacles and in carrying ammunition.

The dogs gave an exhibition of their talent before officers of the marine corps recently and so delighted their audience that each will wear a leather collar with the globe, anchor and eagle emblem on it.

## DOCTORS SAY CALOTABS ARE BEST FOR FLU

Influenza and Grippe, Like Ordinary Colds, Require Calotabs, the Perfect Calomel, That is Free From Nausea and Danger of Salivation.

Physicians and druggists claim that the great epidemic of influenza has conclusively demonstrated that the quickest cure for a cold and the best preventive of influenza and pneumonia is to keep the liver active so that the digestive organ may be in perfect condition. For this purpose, Calotabs the new nausealess calomel that is freed from the sickening and salivating effects, is the most thorough and dependable, as well as the most agreeable laxative.

Calotabs have the special advantage of not making the patient sick and weak, as they are free from the nauseating and griping qualities and do not upset the digestion and appetite. One Calotab at bed time with a swallow of water—that's all. No salts, no nausea, nor the slightest interference with your eating, pleasure, or work. Next morning your cold has vanished, your liver is active, and you are feeling fine with a hearty appetite for breakfast.

For your protection, Calotabs are sold only in original sealed packages, price 35 cents. Sold by druggists and your grocer if you are not glad you got them.

## WAR MOTHERS CHAPTER TO BE ORGANIZED HERE

Mrs. Robert R. Burnam, Sr., Appointed a State Director and Calls Meeting For Tuesday

An organization of the War Mothers of Madison county is to be made in conjunction with the formation of such a body of these noble women over the state. Mrs. Robert R. Burnam, Sr., who has been appointed one of the State Directors, has issued a call for a meeting of all who had sons in the service, to be held at the Red Cross rooms next Tuesday afternoon at 2 o'clock, at which time it is expected to make a formal organization here. All who become members before the first of April will be enrolled as charter members of the Madison county chapter.

Mrs. R. B. Hutchcraft, of Paris, whose son, Captain Reuben Hutchcraft, was killed in France a few days before the armistice was signed, has been chosen State president of the new organization. It is planned to make this an honorary organization along the lines of the Daughters of the American Revolution, and such bodies, and to effect a complete list of chapters all over the state. A preliminary meeting was held in Lexington the other day at which the very appropriate appointment of Mrs. Burnam as a director was made as well as other steps taken to set on foot plans to form chapters all over the state. Records will be kept of the sons of War Mothers who were in the service of their country and other data of historical and personal value will be compiled. The new organization starts off with enthusiastic interest and promises to be a success from the start.

## Chemical Tank In Right Place

The Richmond Fire Department did a fine piece of work early in the week, which the Daily Register overlooked some way. The house of Woodson Harris, the last house on the Irvine pike, just in the city limits, caught fire and closest water plug was too far away to get a line to it in time. The chemical tank apparatus on the new auto truck was quickly put to work, and notwithstanding the fact that one room was blazing fiercely when the fire ladders arrived on the scene, they did fine work with the chemicals, and soon had the house saved.

Let L. P. Evans, the insurance man of Richmond, call before the fire truck and you are then always protected, no matter what happens. He can write you any kind of a policy you want.

## You're Missing Something If You Overlook Them

Are you one of the wise ones who are reading the Daily Register's classified ads? If not, it will pay you to become one of the regular readers today. Can't tell just when your name will appear in the classified columns inviting you to call and get a free ticket to the Alhambra or Opera House. The names of those chosen are selected at random from the population of this section and the invitations will be found scattered through the classified ads. No favoritism will be shown and the only requirement the Daily Register makes is that the notices which are clipped from the paper, be presented at the box office of the Alhambra or Opera House on the day specified.

The classified columns are rapidly becoming one of the most popular departments of the Daily Register and are being read by thousands of people every day. This department of the paper enables the merchants to place their business before the greatest number of people at the lowest expense. Phone 69 and let our "Ad Man" explain this method of business building.

## Barnett Sells His Grocery

F. H. Barnett sold his grocery on Third street, near the tobacco warehouses, to a Mr. Perkins of Irvine, and will give possession soon. The stand is a splendid one, and Mr. Barnett by courteous treatment and fair dealing, has built up a splendid business. It is understood that he is looking for a location "up town" which will be good news to his many friends.

## Opens Store In East End

Mr. L. Hooker, formerly of Panola, has opened up a grocery and meat market in the former Major Wells stand in the East End, and has laid in a fresh supply of everything in his line. Mr. Hooker was a prominent lumber man of Panola, and has a host of friends here who will give him a cordial welcome to Richmond and wish him every success in his new business enterprise here.

## Important To Farmers

Dr. M. H. Deller, U. S. government veterinarian, will speak to the farmers of the county at the court house on Monday morning, February 3rd, on hog cholera, a preventive and how to cure. He will also discuss other diseases of hogs. All farmers are urgently requested to come and be benefited by this lecture as the government is sending Dr. Deller to assist in eradicating cholera from this section of the state.
